Ref. 318-en of 22 Nov 2018

Mr. Kang Joon-Young, Representative
Representative Office in Moscow
for the Taipei-Moscow Economic and Cultural Coordination Commission

Dear Mr.Kang:

Please accept our greetings and best regards from Dalexpocenter Co., Ltd.

It is our honor to present to your attention a list of international tradeshows to be held in Vladivostok, Primorsky Territory, Russia in 2019 (attached).

Primorsky Territory is becoming a region of growth with multiple public initiatives for accelerated development of the Russian Far East and Russia's integration into the Asian-Pacific Region. Key global and domestic investors have already been attracted to the region and there are a number of major infrastructure and community development projects currently underway in Primorsky Territory.

Local industry and food markets are growing in leaps and bounds, bringing with it a rise in business activity, consumption, wholesale sector, and retail trade. The large-scale projects will drive demand for ever-increasing amounts of equipment, tools, and vehicles, advanced technologies and cutting-edge materials and supplies.

Dalexpocenter's tradeshows are focused on the region's key priorities, including construction, industrial production, agriculture, food sector, healthcare, and beauty industry. For 25 years now, we are proud to assist our international exhibitors who would like to reach new regional markets, to meet new partners and to establish direct business contacts through our tradeshows.

We kindly request you to forward the 2019 event calendar to Taipei representatives and to invite them to exhibit at our tradeshows. We would be pleased to provide special benefits and discounted rates to agencies who would bring exhibitor delegations, as well as to private companies and enterprises, upon your recommendation.

Kindly take into consideration the dates of our tradeshows when planning your economic / cultural activities and business missions to Russian regions for the year 2019.

Dalexpocenter would be pleased to assist you with Taipei business presentations, b2b matchmaking, cultural events, and festivals in Primorsky Territory, both as part of the tradeshows and as separate events.

Dalexpocenter Co., Ltd thanks you for your attention and looks forward to continued cooperation.

Attached: 3 pages

Best regards,

Vera ERMILOVA, Director General

PRIMORSKY TERRITORY

a land of opportunities

- Global hub for commerce, culture, business, and tourism in the Far East of Russia
- Russia's gateway to Pacific Asia
- Growing economy and evolving regional markets
- New industrial facilities and power plants
- Proximity to major Asian economies and access to global transit networks
- Highly developed transport and logistics infrastructure
- Extensive tax incentives, duty-free benefits, and administrative preferences

Key Economic Drivers

Comprehensive government strategies to strengthen economic and social environment in the Far East of Russia are expected to bring 2 times GRP growth and 2.5 times growth of fixed capital investment by 2025.

- 4 advanced special economic zones (ASEZ)
- 16 areas in the Free Port of Vladivostok
- Offshore zone at the Russky Island
- 'A Hectare in the Far East' Program

Economy on the Move

- GRP-2017: 767.35 bln rubles – 132% growth by 2016
- ranks 4th in Russia in a number of foreign direct investment projects
- ranks 2nd in the Far East of Russia in industrial production
- fixed capital investment: 87.85 bln rubles in Jan-Sep 2018, 117.9% growth
- gross agricultural output growth: 114% in 5 years
- port capacity growth: 170% in 7 years

Output growth in industrial and commercial sectors in Jan-Sep 2018 by the same period of 2017:

- wood processing – 111.9%
- production of healthcare products and medical supplies - 121.7%
- metallurgical industry – 119.9%
- electric equipment industry – 116.5%
- vehicle manufacturing – 128.3%
- new housing – 380.1 thous. sqm , 1.6 times growth
- retail turnover – 102.4%

A Growth Region in the Far East of Russia

- leader in the number of small businesses
- leader in wholesale and retail turnover
- 70% of tourist arrivals in the Russian Far East
- 1/3 of population
- 2/3 of seaport cargo
- over 1/4 of agricultural produce
- 1/5 of gross regional product
- 1/5 of housing development
- 1/10 of industrial production and fixed capital investment

Leading Sectors

- industrial production
- construction and development
- mining
- forestry and timber
- agriculture
- wholesale and retail sector
- fishing and fish farming
- transport and communications

Business Growth Focus

- building materials industry
- oil & gas / petrochem
- shipbuilding and dock
- vehicle manufacturing and aircraft engineering
- food industry
- hi-tech and specialist industries
- transport infrastructure
- tourism and leisure

Major Russian and International Businesses

- Rosneft, Transneft, Gazprom, Sollers, Mercy Trade, Rusagro
- Republic of Korea: KOTPA, Lotte, Hyundai, Rolls-Royce Marine Korea, LG Electronics, Korean Air
- Japan: Mitsubishi, Marubeni, Iida Group Holdings, Komatsu Corporation, Toyota, Mazda, Hokkaido Bank
- China and Hong Kong SAR: Zhongding Corp., Bank of China, Melco International Development, NagaCorp Ltd
- Siemens, Nycomed Pharma, Ernst & Young, etc.

Flagship Projects

- **Nadezhdinskaya ASEZ:** a multi-functional industrial and commercial precinct with an intermodal transport and logistics hub
- **Milkhailovsky ASEZ:** an agro-industrial park featuring a full cycle of production, processing, storage and efficient logistics of agricultural commodities
- **Bolshoy Kamen ASEZ** is going to be the world's largest shipyard
- **Petrochemical ASEZ:** production of gasoline, polypropylene, and consumer goods

Among the ASEZ initiatives are construction of Russia's largest Eastern Petrochemical Complex, Nakhodka Fertilizer Plant, and Zvezda Shipyard. The food and agribusiness projects include Far East's biggest dairy, meat-processing, and poultry plants, modern greenhouse facilities, as well as farm vehicle and agricultural machinery assembly plants.

The **Free Port projects** include an Indian diamond manufacturing unit, an advanced industrial and logistics site, a children's medical center, a Japanese rehabilitation center, and a 850 thous. sqm residential development in Vladivostok. Plans are underway for construction of advanced fish handling and storage facilities, new residential estates, shopping malls and leisure venues, as well as warehousing facilities, hotels, packaging and building materials production plants, to mention just a few.

ASEZ and Free Port of Vladivostok: **800+ residents, 1.3 trln rubles of investment, 70,000 jobs.**

ТОР и СПВ сегодня: **более 800 резидентов, 1,3 трлн рублей инвестиций, 70 тысяч рабочих мест.**

The region's **transportation infrastructure** is now undergoing major upgrade and development with new highways, bridges, traffic interchanges, and transportation & logistics centers. Development of Primorye-1 and Primorye-2 international transport corridors will connect Heilongjiang and Jilin provinces of Northeast China and southern seaports of Primorsky Territory. These flagship projects are expected to grow the gross regional product by 4-5% annually and to create over 3,000 new jobs, with prospective freight volumes to reach 45 million tons in the long term.

A Hectare in the Far East is a federal program which offers Russian citizens free land for business or real estate development. The program is going to be an important economic driver for the Far Eastern District and to catalyze population growth to 36 mln (almost sixfold) by 2025.

Globally Connected

- a prime destination for international businesses to reach new markets in the Far East of Russia
- a key location to access the fast-growing markets of the Pacific Asia
- international trade grew to 113% in Jan-June 2018, reaching US\$3.55 billion
- export growth – 116.2%, import growth – 109.9%
- over 100 foreign trade partners
- major trade partners: China, Republic of Korea, and Japan
- 23 international consular missions and offices
- over 1,000 foreign-invested enterprises
- over 4 mln tourist arrivals in 2017 – 130% by 2016
- facilitated visa procedures: electronic visa for 18 countries
- a key international platform for discussing political and economic issues between Russia and Pacific Asia.

Since 2015, Vladivostok hosts the Eastern Economic Forum attended by national leaders of the Asia-Pacific Region and the international business community. At the 2018 EEF, Primorsky Territory signed over 50 agreements for the amount of 120 bln rubles.

Welcome to Primorsky Territory!
