

CONFEDERATION OF INDUSTRY  
OF THE CZECH REPUBLIC

Dear President and distinguished members of the Importers and Exporters Association of Taipei,

On behalf of the Confederation of Industry of the Czech Republic, I would like to extend my sincere congratulations on the occasion of your 80th anniversary.

Taiwan is and always will be an important and valued trade partner for the Czech Republic. We greatly appreciate the strong and growing relationship between our business communities.

We especially value our cooperation with IEAT and the Memorandum of Understanding signed last year, which has laid a solid foundation for further collaboration.

We firmly believe that together we can continue to open new opportunities and doors for companies on both sides, fostering innovation, investment, and mutual prosperity. The long-standing success of IEAT is a testament to its commitment to supporting international trade and economic development.

We look forward to deepening our partnership in the years ahead and wish IEAT continued success on its journey.

Daniel Urban

Director General
