

Congratulatory Message from the Greenwood-Leflore-Carroll Economic Development Foundation on the Occasion of the 80th Anniversary of the Importers and Exporters Association of Taipei

On behalf of the Greenwood-Leflore-Carroll Economic Development Foundation (EDF), in Greenwood, Mississippi, USA, it is my distinct honor and privilege to extend our warmest congratulations to the Importers and Exporters Association of Taipei (IEAT) as you celebrate this remarkable 80th Anniversary milestone.

For eight decades, IEAT has served as a pillar of international trade and commerce, championing the interests of its members and fostering economic cooperation across borders and continents. Your enduring commitment to advancing bilateral trade, expanding market access, and building bridges between business communities around the world stands as a testament to the vision and dedication of your leadership, your members, and the countless partners who have contributed to IEAT's distinguished legacy.

The theme of this anniversary – Moving Forward to Our Centennial – speaks powerfully to the spirit that has always defined IEAT: an unwavering resolve to look ahead, to embrace new opportunities, and to grow stronger with each passing year. It is a vision we at the Greenwood-Leflore-Carroll Economic Development Foundation are proud to share.

Since the signing of our Memorandum of Understanding earlier this year, we have been deeply gratified by the warmth and professionalism with which IEAT has welcomed our partnership. We look forward to building upon this foundation – exchanging knowledge, facilitating trade, and working together to create opportunity and prosperity for the businesses and communities we each serve.

As IEAT embarks on the journey toward its centennial, we wish you continued success, growth, and impact in the years ahead. May this anniversary be a proud celebration of all that has been achieved, and an inspiring springboard for all that is yet to come.

With our sincerest congratulations and best wishes,
