and Special Concerns Division

Philippine Exporters Confederation, Inc.

MESSAGE

On behalf of the Philippine Exporters Confederation, Inc. (PHILEXPORT), I extend my warmest congratulations to the Importers & Exporters Association of Taipei (IEAT) on this significant milestone of its 80th anniversary!

As Taiwan's largest and most influential trade organization, IEAT has played a vital role in advancing international trade, fostering business innovation, and strengthening economic ties across borders. This celebration is a testament to the dedication and vision of your leaders, members, and partners who have consistently championed the growth of domestic and global commerce.

PHILEXPORT takes great pride in the enduring friendship and cooperation between our organizations. The Memorandum of Understanding (MOU) we signed in 2022 marked an important foundation for collaboration and partnership, opening new avenues for trade promotion, business matching, market intelligence exchange, and mutual support for our respective export communities. It is likewise a positive demonstration of the value of working together to create opportunities for businesses in the Philippines and Taiwan.

As the global trading environment continues to evolve, our shared commitment to innovation, resilience, and sustainable growth becomes even more important. By strengthening regional cooperation and empowering our enterprises to embrace new technologies and emerging markets, we can collectively navigate challenges and unlock greater opportunities for prosperity. The partnership between PHILEXPORT and IEAT exemplifies how organizations can work hand in hand to build a more dynamic and interconnected business landscape.

As you celebrate this remarkable occasion, I wish IEAT continued success and many more years of achievement. May your organization remain a beacon of excellence in international trade and a catalyst for deeper economic cooperation in the Asia-Pacific region and beyond. PHILEXPORT looks forward to further strengthening our partnership and creating even greater value for our members and stakeholders in the years ahead.

Sergio R. Ortiz-Luis Jr.
