STREAMLINED PRODUCTION

- Materials Preparation
- Sub Assembly
- Main Assembly
- MTBF Burn-in Test
- System Test
- Packing & Shipping
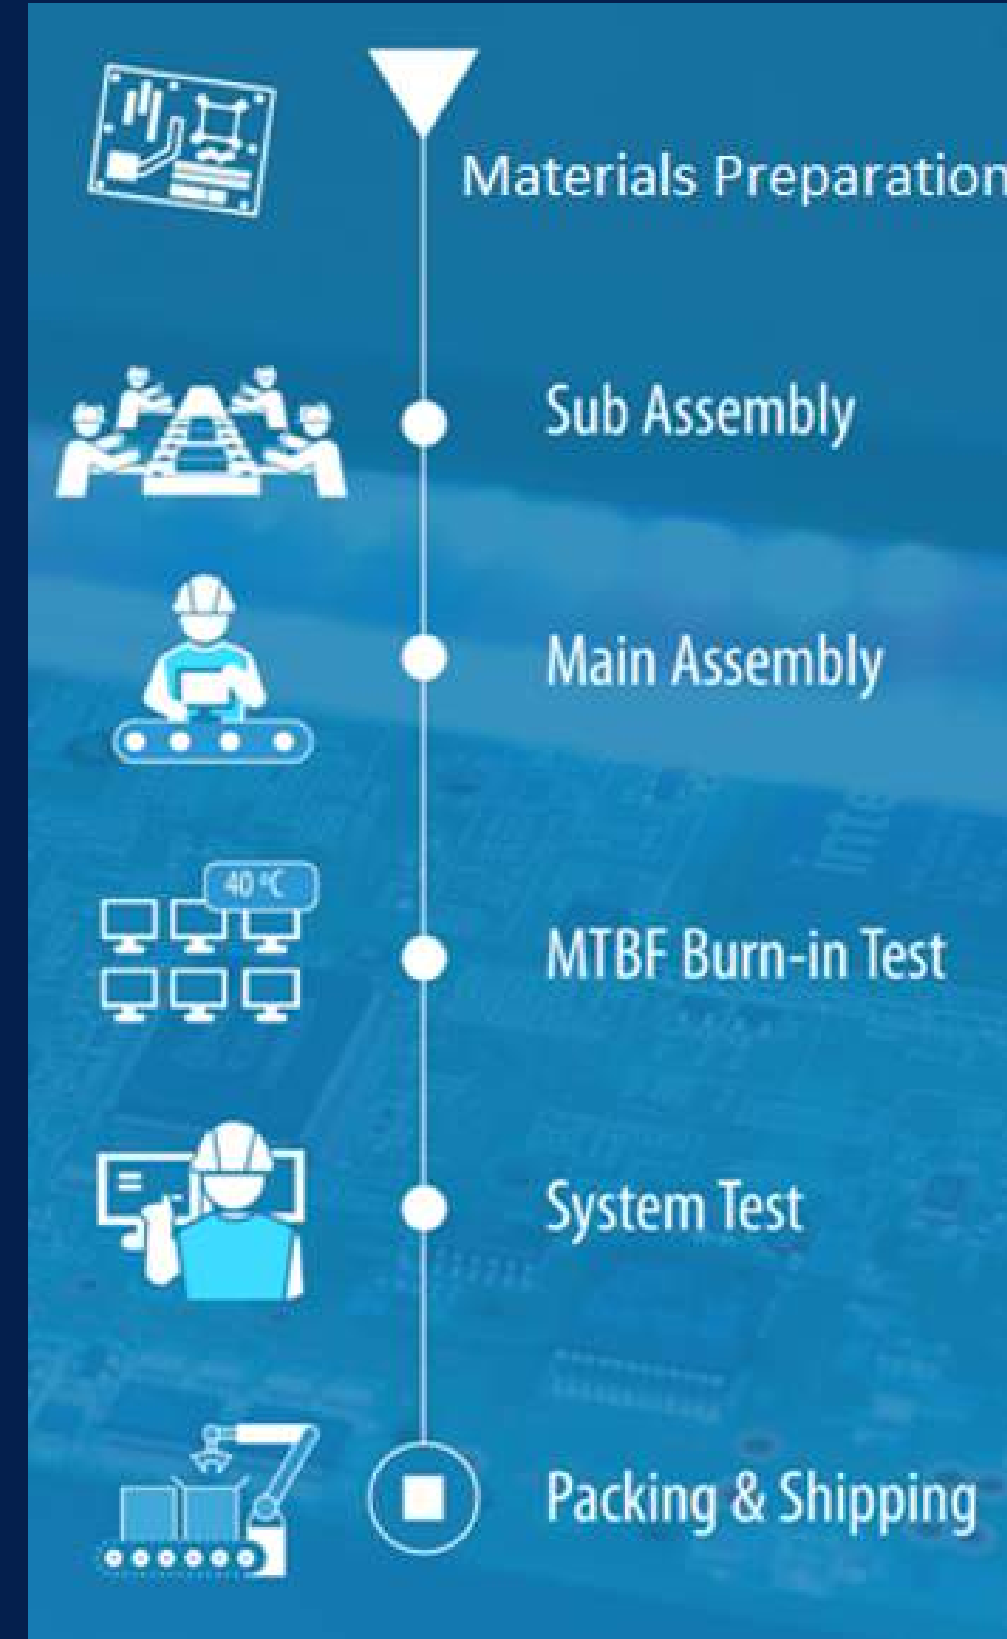

CORE COMPETENCE

QUALITY
- Strict And Diverse System Test
- CE, FCC, ROHS, ISO9001:2008 ISO14001:2004 Certified

DESIGN
- Tool-less Design
- User-friendly Design
- Design for Manufacturing

SERVICE
- Efficient Customization
- Timely Delivery
- Longevity Support
- Quick Response

MANUFACTURE
- Low Quantity & Customization Ability
- Ultimate Flexibility
- Automated Production System

COST
- Modularize Parts
- Key Parts Standardization
- Better Material Cost through Economies of Scale

PRODUCT SEGMENT

Multimedia AIO System

Industrial Panel PC

- All in One Panel PC
- Embedded Box PC
- Rugged Handheld & Tablet

Sevice Kiosk

MULTIMEDIA AIO SYSTEM

IR Multimedia AIO

55" / 60" / 65" / 70" / 75" / 80" / 86"

P-Cap Multimedia AIO

32" / 43" / 49" / 55" / 65"

Key Features

- Multi touch and gestures control support
- Infrared touch / P-Cap touch provides incredible accuracy and smooth handwriting
- High-speed touch screen, writing perfect track restore and responsive.
- Full HD screen, LED backlight offers a brighter display and lower power consumption
- The stronger brushed aluminum Alloy Frame, the higher stability
- Professional and elegant design
- Dual system (Windows & Android OS)

PANEL PC AIO & EMBEDDED BOX PC

Panel PC touch AIO

7"- 24" Panel Mount Front IP65

10"- 24" Stainless Steel Full IP65

10"- 24" True Flat Chassis Front IP65

Embedded Box PC

Key Features

- Size available 8", 10", 15.6", 21.5", 32", 43" with Windows or Android supported
- Support POE power supply
- 5 point capacitive touch supports glove touch
- IPS panel & Corning Gorilla Glass
- Support 3G/4G, WIFI/BT

- Small, Robust and Fannless Design
- Windows or Android supported
- Support LAN, WiFI,BT4.0 ,3G/4G
- Real Time Clock & Watchdog
- Rich storage options: eMMC, SSD, HDD
- Rich interface options: RS232x4, GBEx2, USBx6, HDMI, VGA, DIO, Audio Jack
- Support multi-function expansion interface: Extensible USB, network port, serial port and so on

SERVICE KIOSK

Wall Mount KIOSK

19" Photo Printing KIOSK

27" Service KIOSK

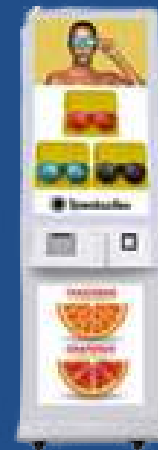

Wayfinder KIOSK

43" Inquiry KIOSK

Customized KIOSK

55" Standing KIOSK

55" Standing KIOSK

Key Features

- Compact size and Space saving
- Modularized design for easy maintenance and service
- Support Rich Peripherals (NFC, Printer, Camera, Mic, Scanner...)
- Based on BIS Touch monitor, Box PC, All in one PC Terminal as the core engine

- Size available 75" / 85"/ 101"
- Multi-touch and gestures supported
- Finger or non-transparent object to operate
- Accuracy and smooth handwriting
- Low glare and electronic-free surface
- Power by USB more safety

RUGGED HANDHELD & TABLET

Rugged Handheld

Rugged Tablet

4" Android Handheld

5" Android Handheld

6" Windows Handheld

7" Android/ Windows Tablet

8" Android Tablet

10.1" Android/ Windows Tablet

Key Features

• Size available 4", 5" and 6" with Windows or Android supported

• Withstand tough environments IP65, MIL-STD-810G, Gorilla glass TP

• Integrating with NFC/RFID/1D/2D Barcode scanner/Fingerprint

• Support 3G/4G, WIFI/BT, GPS

• Size available 8", 10" and 12" with Windows or Android supported

• Withstand tough environments IP65, MIL-STD-810G, Gorilla glass TP

• Integrating with NFC/RFID/1D/2D Barcode scanner/Fingerprint

• Support 3G/4G, WIFI/BT, GPS
