Montego Pet Nutrition was founded in early 2000 in Graaff-Reinet, South Africa, at the heart of the Karoo. Back then, our journey began with a meager 13 staff members and an ambition to provide pets in South Africa and abroad with exceptional quality food at affordable prices.

Our Vision:

As pioneers in our industry, we aim to define what it means to be a well-loved and innovative pet care brand through our commitment to Africa, passion for our craft and genuine love for pets

Our Mission:

To consistently improve every aspect of our business to better serve our communities through upliftment and our customers (pets and their owners) by providing a wide range of innovate, high-quality pet care alternatives at competitive prices.

Quality Assurance and Production

Montego was built on a strong foundation of entrepreneurial spirit, family values, quality and innovation. We've never stopped improving on our approach and have consistently fine-tuned and improved our formulations, as well as upgraded our factory multiple times, to keep up with our passion for Pet Nutrition and our vision for the Montego brand. To ensure that we produce at consistently high standards of quality and safety, we put our money where our mouth is, with certifications from some of the strictest standards authorities in the world. These include the Pet Food Industry Association of Southern Africa (PFI), FSSC 22000, and HACCP.

- We only use high quality ingredients
- We use World-Class technology
- We uphold high safety and hygiene standards
- We nurture home grown talent
