

When design meets  
comfort and functionality,  
everyone can enjoy  
bathroom time.

# KING PLASTIC GRAB BARS

RIBBED

The Plastic Grab Bars are designed to support anyone who needs assistance with bathroom tasks. Their sleek, modern and tidy design combined with the ribs providing extra grip makes the suitable for any bathroom, either in a private home or a healthcare facility. The materials used ensure that the grab bars are robust, easy to clean, long-lasting and warm to the touch. They can be installed in different bathroom areas and are available in various lengths. ①
