

REVEAL

AI and 3D terrain modeling with Visual and Infrared Sensors

Flagship Product: Farsight

BENEFITS

- Mobile App
- Edge GEOINT
- <10 mins
- TRL 9 / IRL 9
- TAK-integrated
- UAS agnostic
- Offline

R

14

- **Rapid intelligence at the tactical edge**
- **Blending state-of-the-art computer vision**
- **Artificial intelligence**
- **Edge computing technologies**

應用領域

- **Military / security organizations
(using AI and software to make drone
operations more "intelligent")**
- **Companies in surveying, construction,
land development in developing
integrated solution for end user**
