## ABOUT US

Established in 2005, through the years, Vinapro Group has become one of the largest manufacturers and exporters of agricultural products such as Cassia/Cinnamon, Star Anise, Cashew Nuts, Pepper in Vietnam, operating 4 big factories spreading from the north to the south. Our Hoa Binh factory is the largest factory processing Spices in Vietnam with a 50,000m<sup>2</sup> area.

Our factories are strictly controlled and authorized by international certificates such as ISO22000:2005, HACCP, FDA to deliver the highest quality to customers.

With the motto: "QUALITY - PRESTIGE - SERVICE", and not just business but a partnership to grow together, we constantly strive to achieve customer satisfaction. We not only provide high-quality products but also ensure the interests of the community and customers. This is a top priority in our business strategy. As a result, Vinapro Group has enjoyed so much trust and support from our customers all around the world.

We believe that with the united and strong Vinapro Group team and the support of our valued customers, Vinapro Group will certainly achieve more and more success in the future.

# STAR ANISE AND CINNAMON FACTORY

Our factory of cassia and star anise, which is located in Hoa Binh province, is our biggest factory with 50000m<sup>2</sup> area.

Our factory is distinguished from others by its strict quality control process. We bring products of uniform quality and minimal admixtures.

Right from the stage of raw materials selection, we have very strict control: For cinnamon, the raw materials are classified according to the origin, the life of the tree, thickness, and essential oil content. For anise, we always ensure good dryness and storage to keep the essential oil content as high as possible. Each product box is tested before being shipped.

# CASHEW NUT FACTORY

We own a cashew factory in Binh Phuoc with modern machinery and strict production processes. Therefore, all stages during our production process are strictly followed by automatic technique, to ensure stability, safety and to produce the best products. Each stage has a certain meaning, determining the quality of products and the reputation of Vinapro.

Operating with the motto "safety, quality, responsibility for sustainable development", our company has constantly developed products, innovated production technology to enhance the brand of Vietnamese Cashew products, in accordance with applying the quality management system, food safety, and hygiene ISO 22000: 2005 and the system of hazard analysis and critical point control in food production (HACCP) to ensure food hygiene and safety.

# PEPPER FACTORY

Our factory is located in Binh Phuoc province, very famous for the quality all over the country, most spicy and flavorful in the market. The factory covers an area of about 30000 m<sup>2</sup> and has a capacity of about 10000 mts/year. We have two types of pepper products: black pepper and white pepper.

Our company has constantly applied the quality management system, food safety and hygiene ISO 22000: 2005, and the system of hazard analysis and critical point control in food production (HACCP) to ensure food hygiene and safety.

# DESICCATED COCONUT FACTORY

The Coconut factory is located in Ben Tre province which is called the land of coconut. Our total capacity could reach 2000 metric tons per month for all types of DC coconut. We control from the input raw material which is known as the flesh coconut (also called copra) to the steps of production process, all of these are based on international standards. Our DC coconut branch is present in more than 50 countries around the world.

We operate with the motto "safety, quality, responsibility for sustainable development", our company has constantly developed products, innovated production technology to enhance the brand of Vietnamese coconut products, at the same time applying the quality management system, food safety, and hygiene ISO 22000: 2005 and the system of hazard analysis and critical point control in food production (HACCP) to ensure food hygiene and safety.

# LABORATORY

Vinapro has a research and development department working at a laboratory with many modern and advanced equipment, which helps us constantly innovate and diversify products. This is also where we test samples of shipments, making sure each consignment is up to standard before being delivered to the customer.

# CERTIFICATES

VINAPRO GROUP strictly sticks to the ISO Standard along with establishing ISO22000 as a quality management system. All Products can pass International and professional quality certifications like FDA, HACCP, Halal, Kosher, BRC...
